New Rules-Speaker Myers.

The Tribune of last week says: "If the Speaker continues the use of his parlaimentary rules, there is no prospect of organization for sometime to come."

What new parlalmentary rules has the speaker introduced? Mr. Myers occupies the speaker's chair temporarily for the purpose of effecting an organization. In the performance of his rules common for the government of such assemblies, and by such rules as were heretofore ob served in the organization of the Senate.

We have Congressional news under date to elect a Speaker. By the Telegraphic the people, and they have the right to alsome very sharp words passed between public good may require it. Duer of New York, and Meade, of Virginia. Meade called Duer a disunionist, and Duer, in return, called Meade a liar. It is anticipated that a duel between the parties will take place. Thus the House is farther off from an organization than ever. When mankind will act from principle, and practice virtue, consistency and honesty. and cease that low deception, heartlessness, and falsehood so common among the children of men, then, and not until then, will a new era dawn upon this almost Godforsaken world of ours. We hope that much good will grow out of this difficulty in the House. Let it be a lesson for man that he is governed too much.
